PRO SERIES

Crucial X9 Pro Portable SSD

Your focus. Our drive.

Read and write speeds up to 1,050MB/s for photographers and more

Accelerate your workflow with the powerful performance of the Crucial® X9 Pro Portable SSD. With read and write speeds up to 1,050MB/s[1] and up to 4TB of capacity[2], the X9 Pro has space for thousands of photos, files, and videos along with the speed you need to organize, curate, edit and retouch your portfolio quickly, supporting whatever you do in Adobe® Lightroom®. The Crucial X9 Pro is plug-and-play ready with a USB-C connection[3], and works[4] with Windows, Mac, Android™, and more. Featuring Micron® TLC NAND and water and dust resistance (IP55) [6], the Crucial X9 Pro is designed for durability and style in the studio, in the field, or wherever you roam.

Best for: Fast sustained storage for photos and more

Fast transfers up to 1,050MB/s

IP55 water & dust resistance[6]

Works with your favorite devices

crucial.com/x9pro

Palm-sized performance

With read and write speeds up to 1,050MB/s[1], the Crucial X9 Pro Portable SSD is powerful enough for editing directly from the drive. Get more done with high sustained performance of up to 1,050MB/s reads and 975MB/s writes throughout the drive's capacity.

Broad compatibility

The X9 Pro offers plug-and-play compatibility[4] with Windows, Mac, Android™, iPad, PC, Linux®, PlayStation® and Xbox® gaming consoles via an included USB-C[3] cable.

Security that travels with you

Protect sensitive data in the studio, in the field, or while traveling with password protection and 256-bit AES hardware encryption[8].

Dust and splash proof durability

With IP55 water and dust resistance[5] and drop-proof durability up to 7.5 feet/2 meters[10], your X9 Pro Portable SSD is durable enough to travel anywhere you shoot, work or roam.

Professional quality

Engineered by Micron®, the Crucial X9 Pro Portable SSD comes in anodized aluminum with a rubberized soft-touch base in a mini 65 x 50 mm design that includes a drive activity light in the integrated lanyard hole.

Micron® quality — a higher level of reliability

Micron redefines what's possible with innovative technology that shapes how we use data in all areas of life. Crucial's unique integration with Micron means our memory and storage components are designed, tested, and refined at every stage of the production process.

*USB-A adapter available separately

Crucial X9 Pro Portable SSD			
Capacity[2]	**Part Number**	**Box Contents**	**Sequential Read[1]**
4TB	CT4000X9PROSSD9	Crucial X9 Pro Portable SSD USB 3.2 Gen2 Type-C to Type-C USB cable (10Gb/s), Quick-Start Guide	Up to 1,050MB/s
2TB	CT2000X9PROSSD9		
1TB	CT1000X9PROSSD9		

1. MB/s speed measured as maximum sequential performance of device as measured by Crucial on a high-performance desktop computer with Crystal Disk Mark (version 8.0.1 for x64). Your performance may vary.
2. Some of the storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes.
3. Best speeds available with USB Type-C to C cable on USB 3.2 Gen2 supported devices. Use USB Type-A adapter for older devices.
4. Compatibility may vary and may be contingent on device formatting and host capabilities. Compatible Android devices must be able to work with USB Mass Storage over OTG. Operating system updates and reformatting may be required.
5. For more information, visit crucial.com/welcome/x9pro.
6. Protection against dust and water projected in jets against the enclosure from any direction. The X9 Pro should not be submerged in water. For more information, visit www.iec.ch/ip-ratings
7. Ships in exFAT format. Can be reformatted into NTFS, APFS, HFS, HFS+J or other formats. Reformatting will result in loss of data from the drive.
8. Works with Bitlocker To Go on Windows and FileVault on macOS devices. Crucial Portable SSD Utility application for Windows and macOS launching September 2023.
9. Warranty valid for 5 years from the original date of purchase by an authorized seller, or before writing the maximum total bytes written (TBW) as published in the product datasheet and as measured in the product's SMART data, whichever comes first.
10. Up to 7.5 ft/2 meters without impact to data on a carpeted floor.
11. One-month complimentary Adobe Creative Cloud personal All Apps plan available with eligible Crucial SSD purchase. Adobe Creative Cloud ID and Crucial product registration required for redemption. Eligible Crucial X9 Pro SSDs: CT4000X9PROSSD9, CT2000X9PROSSD9, CT1000X9PROSSD9 must be purchased between July 25, 2023 and December 31, 2024. Offer limited to one redemption per eligible Crucial SSD purchase and registration; up to two per Adobe Creative Cloud user account, subject to acceptance of applicable Terms of Use, while activation code supplies last. Additional terms and conditions may apply. See www.crucial.com/x9pro for more information. Micron Technology reserves the right to change or discontinue this offer at any time without notice.
